We, the undersigned inhabitants of Kalnad village are very fortunate to-day to have the rare and glorious opportunity of your revered visit to our district and we accord you a hearty and cheerful welcome. We are greatly indebted to your kind, generous and patriotic efforts towards the uplift of the especially backward communities in the State. We take this occasion to place before you, Sir, this humble memorandum of ours. We have silently suffered all these years our untold agonies resulting from the education side. Much as we should have liked to spare you from a tale of our grievances, we feel we shall be failing in our duty to the electorate, if we omit to bring to your kind notice on this occasion the most pressing needs and grievances of our growing town.

2. The Government Fisheries Higher Elementary School, Kalnad is the only institution which gives educational facilities for our children within the entire village of Kalnad having a radious of about five miles. The medium of instruction in this school is Malayalam. A bulk of the population of this area is having Kannada as its mother tongue and there is no

P.T.O.

school in this village having 'Kannada' as the medium of instruction. The Kannada speaking students are put to great hardship and they cannot be sent to school at their younger age either to Udma or even Kasaragod which are situated at a distance of 3 miles from this village. These places are separated from this village by rivers, hills and small streams and there is no proper and convenient communication between these places. The young school- going population thus finds it extremely difficult to undertake these hardships and attend schools especially during the monsoon when they have to cross streams which are at times in floods during the season at many places. More than 95% of the Kannada speaking children is to idle their early periods at home for the simple reason that they have no educational facilities but only grown up children can attend primary school in this area. This problem can very well be solved if Kannada section is opened in the existing Government Fisheries school as in the case of the Government Fisheries High School in Pallikere village.

In submitting this humble memorial before your revered self, we fondly hope and sincerely trust that this memorial will have all your sympathetic consideration to-wards a prompt and effective redress of our above grievances.

We beg to remain,
Respected Sir,
Yours faithfully,

P. T. O

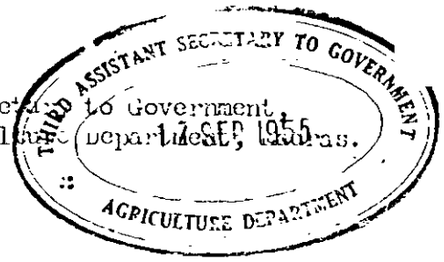
DEPARTMENT OF INDUSTRIES & COMMERCE

From

The Director of Industries and Commerce, Chepauk, Madras 5.

To

The Secretary to Government, Agriculture Department, Madras.



Rc.No.8786 A3/55, d/15.9.55.

Sir,

Sub: Fisheries - Education - Fisheries Higher Elementary School at Kizhur - Kanada Section - opening under Part II scheme of 1956-57 - proposals - submission of.

Ref: Govt. memo No.61627 CII/55-1, Agriculture, d/16.7.55.

The Fisheries School at Kizhur was recently raised into a Higher Elementary School and Standard VI was opened in the year 1953-54 as per sanction accorded in G.O.Ms.No.3550 Development, d/31.7.53. Standard VII was opened in 1954-55 as per G.O.Ms.No.1152, Agriculture, d/8.4.54 and Standard VIII was opened in 1955-56 as per G.O.Ms.No.1007, Agriculture, d/9.4.55.

The School at present imparts instructions in Malayalam only. The village in which the school is situated comprises both Malayalam and Kannada speaking people. It is therefore a fact that the Kannada speaking children of the village are deprived of instructions in their own mother-tongue in this school for want of a Kannada Section.

There is a Kannada Lower Elementary School about a mile north of the Fisheries School but it is on the top of the Kalnad Plateau and the small children of Kizhur find it difficult to go to that school as they have to cross the steep ascent. The other nearest Kannada Higher Elementary Schools are at Udma and Kasargod about 3 miles from the fisheries school. There are other natural barriers to go to these schools (i.e.) a broad river has to be crossed for going over to Kasargod and a tunnel to go to Udma. The young children therefore find it very difficult to attend these Kannada schools by crossing the river and streams which get flooded during the monsoons.

In Kizhur there are about 120 Kannada speaking children of schoolage and they can be expected to be admitted to the Fisheries schools to the following classes if Kannada parallel classes are opened.

| II | 25 |
| III | 25 |
| IV | 20 |
| V | 15 |
| | 120. |

The District Educational Officer, South Kanara who was consulted in the matter has approved of the opening of Kannada sections in Standard I and VI from June 1956. A copy of his letter L.Dis. 5705 E2/55, d/3.8.55 is submitted herewith. But in view of the heavy financial commitments involved in opening Kannada sections both in Elementary and Higher Elementary Classes simultaneously it is suggested that it may be opened in Standard I to begin with from the school year 1956-57. It can be opened in the next higher classes in the subsequent years by watching the progress in Standard I.

I therefore request that Government may be pleased to accord sanction for the introduction of Kannada Section classes at Kizhur fisheries school and to begin with, for opening the class in Standard I in 1956-57. Sanction may also be kindly accorded to the employment of an additional teacher of Higher Elementary Grade (Kannada) on Rs.30-1-50 per mensem for a period of one year from the date of appointment and also to incur a non-recurring expenditure of Rs.500 towards the supply of furniture, books etc. The financial implication of this proposal is attached herewith.

Financial Implication

I. Recurring:

| | | |
|---|---|---|
| Pay of a Higher Elementary Grade teacher at | Rs.30 per mensem | Rs. 360.0.0 |
| Dearness allowance -do- | at Rs.19 per mensem | 228.0.0 |
| | | 588.0.0 |
| | | or |
| | | 600.0.0 |

II- Non-recurring:

13

| | |
|---|---|
| Cost of 7 benches at Rs. 40 | Rs. 280 |
| Cost of a table | Rs. 70 |
| Cost of a chair | Rs. 20 |
| Cost of 1 black board | Rs. 40 |
| Books and appliances | Rs. 50 |
| | Rs. 460. |
| | or |
| | Rs. 500. |

The proposal may be treated as a Part II scheme for the year 1956-57.

The expenditure is debitable to "40.Agriculture -m.Fisheries Fisheries Schools.

Copy of letter L.Dis.No.5705 E2/55, d/9.8.55 from the Dt. Education Officer, South Kanara, Mangalore.

Sub: Memorandum presented by the inhabitants of Kalnad village to the Chief Minister to open Kannada section in the Higher Elementary school, Kizhur, Kasaragod taluk.
Ref: Memorandum d/1.5.55.

...

In enclosing herewith the memorandum of the villagers and also a copy of the endorsement N.Dis,312 B/55, d/15.7.55 I suggest that a Kannada sections may be opened in the I and VI standards from June, 1956. The accommodation in the school may also be improved so as to make it adequate for the present strength.

..

Memorandum presented by the inhabitants of Kalnad village to Chief Minister- Permission to open Kannada section.

Ref:-H.E.C.No. 5705 E2/55, d/10.5.55 of the Dt. Educational Officer, S.K.

N.Dis. C.No.312 B/55 of Dy. Inspector of Schools, d/15.7.55.

Resubmitted to the Dist. Educational Officer, South Kanara with all the enclosures.

The matter under representation was discussed by me with the Headmaster of Kizhur Fisheries HR. Ele. School at my visit on 11.7.55. According to the census Hand book, there are 2,000 Kannada speaking people in Kalnad village, half of whom are in the area of Chandragiri Board Elementary school which is a Kannada school. Nearly 1,000 people with Kannada as the mother tongue live round about this school. The census of children mentioned in the school shows 120 Kannada speaking children of schoolage to be available in this zone. They are of the age of 5,6,12. It is doubtful that all these children will seek admission into this school immediately. These children cannot attend Chandragiri Board Elementary as it is about a mile away with a Railway line to cross and a hill to climb in between. They find it difficult to reach the school..

There are about 40 children between the age of 6-8 who are ready to join the school. They had no schooling so far. Hence it is recommended that permission may be granted to open standard I for Kannada pupils, in the school to start with and to open higher standards subsequently at one Higher standard each year.

There are only 120 school places for a total strength of 212 on rolls. If Kannada sections are opened more accommodation will have to be provided. With the accommodation now available, it is impossible to open Kannada sections. Hence it is recommended that before opening Kannada sections at least a temporary shed might be provided to start with.

To AS

The correspondence in the cf may be perused.

Para 1 on p 9 cf. The Trichur Higher Elc. School in Malabar Dt is running Stds I to VIII and imparting instructions in Malayalam only. There are, it is reported, 120 Kannada speaking children in Trichur of school going age who can be expected to be admitted into Stds I to V as shown at A on p 9 cf. The inhabitants of Kalnad village of Kasaragod taluk presented a memorandum to the C.M. in May last praying the opening of Kannada Section in the Higher Elc. School at Trichur. For the reasons set out in his report at pp 9-10, cf, the Dte has proposed that as a beginning a Kannada Section in the I Std may be opened in 1956-57 and a Higher Elc. Grade II teacher (Kannada) on Rs 30-1-50 p.m. may be employed for a period of

E2

F. II

one year from the date of appointment. He has also asked for Govt sanction to incur a non-recurring expenditure of Rs 500/- towards the supply of furniture and books. In view of the reported difficulties experienced by the young Kannada speaking fisher children of the place in getting education in their mother tongue, this dept may support ~~~~ the proposal of the DDC and the scheme may be brought forward as a Part II scheme for 1956-57. With reference to the criteria for part II schemes laid down by the Fin Dept in their memo No 60 MS A-BG 3 Fin dt 13-9-55, it may be held that this proposal in this file is administratively essential for orders.

Part II Scheme for 1956-57.

Recurring & Non. recurring Rs 800.

To Dist. Bds

3/4 9-10 cl

be communicated that Kanada section may be introduced at Kirthur Fisheries School and that the Kanada section class may be opened in Standard I in 1956-57 to begin with.

It is stated that the Kanada classes may be opened in the next higher classes in subsequent years by watching the progress in Standard I.

N. 3/4 9 cl

The proposal involves the employment of a Higher Elementary grade teacher and a non recurring expenditure of Rs 800.

Agri. Circles that the proposal is advantageously essential.

p2 abar

As the Cost involved in the proposal is small, it does not seem necessary to treat the proposal as a part II Scheme for 1956-57. Govt may agree to the employment of a Higher Elementary grade teacher for the Kanada section in Standard I for the School year 1956-57. The

4

As II/B3

non recurring expenditure may be limited to Rs 400.

With the above remarks.
case may be returned to Agri

To AS

(Part I may be received back when processed)

The notes of HELA and Fin dept at from the bottom of p 2 above may be perused with reference to this dept's note on pp 1-2 ante. Fin have suggested that as the expenditure involved in the proposal to open a Kannada Section in the 1st Std during 1956-57 in the Mirjan Fisheries School is only a non Rs 400/- (non recurring) for the supply of articles of furniture and the employment of an addl Higher Elc: Sr teacher in the scale of 30-1-50, the proposal need not be treated as a Part II Scheme for 1956-57 and may be sanctioned straight away. Subject to orders, a draft order is submitted for approval.
